

UNIVERSITY OF TORONTO
DALLA LANA SCHOOL OF PUBLIC HEALTH

Posting Date: July 3, 2024

JOB POSTING
SESSIONAL LECTURER for Fall 2024 Term – .5 FCE - CUPE 3902 Unit 3

Course#/Course Title: CHL: 5150H Data collection methods for research and evaluation projects

Course Description:

This course aims to provide students with an understanding of the application of a variety of data collection and generation methods to diverse public health problems, challenges and issues. Throughout the course, students are expected to complete the readings, participate in class presentations and discussions

Course Learning Objectives:

Upon completion of the course, students will be able to:

- Select when and how to use different methods of sampling and recruitment
- Critically assess the relative benefits and weaknesses of each data collection and generation method
- Consider when and how to implement an explicit community-based and social justice approach to research
- Develop data collection and generation implementation processes and anticipate/solve problems
- Identify ethical issues related to each data method
- Critically assess threats to validity and credibility and anticipate how these can be addressed
- As part of a group, design and implement a data collection or generation method
- Prepare a project management plan.

Estimated course enrolment: 30

Estimated TA support: 0

Schedule: Fall 2024

Sessional dates: September – December 2024

Salary: Sessional Lecturer I: \$ 9,457.90 (Half Course)

Sessional Lecturer I - Long Term: \$9,930.79 (Half Course)

Sessional Lecturer II: \$10,121.77 (Half Course)

Sessional Lecturer II – Long Term: \$10,326.62 (Half Course)

Sessional Lecturer III: \$10,362.76 (Half Course)

Sessional Lecturer III – Long Term: \$10,570.02 (Half Course)

(Salary Inclusive of 4% or 6% vacation pay, where applicable)

Please note that should rates stipulated in the Collective Agreement vary from rates stated in this posting, the rates stated in the collective agreement shall prevail.

Qualifications: PhD in relevant area of study, experience with and detailed knowledge of varied data collection methods used in the social sciences (i.e., surveys, focus group discussions, diaries, photovoice, observation); research ethics; data management methods; and research project management.

Description of duties: As well as normal teaching duties, the instructor will review and revise the course syllabus, plan lectures and other learning activities; plan and evaluate student assignments; mentor students and support learning, and communicate with the MPH program director as necessary.

Closing date: July 25, 2024

Application process:

All individuals interested in this position must submit a Curriculum Vitae, and the CUPE 3902 Unit 3 application form ([PDF](#) or [RTF](#), also available at <https://uoft.me/CUPE-3902-Unit-3-Application-Form> to:
