

## Webinar

# “Lung Cancer Screening in G7 Cancer Countries: challenges and lessons learned”

### Context

The G7 Cancer is a collaborative effort among seven leading national organizations, as well as the IARC, committed to enhancing global coordination on cancer research and treatment. For more information on this initiative, please visit the French National Cancer Institute’s website [here](#).

One of the G7 Cancer’s working groups focuses on cancer prevention, and is holding a webinar "Lung Cancer Screening in G7 Cancer Countries : challenges and lessons learned".

### Date and time

October 10th, 2024

|                              |              |
