

BRCA 30 years

DISCOVERY TO IMPACT

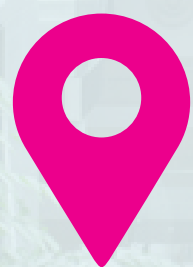

A **two day hybrid** event celebrating 30 years since the discovery of the BRCA genes

DAY 1 - NOV. 4

For Researchers & Health Professionals

DAY 2 - NOV. 5

For Patients & the Public

A HYBRID EVENT

- **In person** at Women's College Hospital, Toronto
- **Online** via Zoom

Join us in person or online as we look back on decades of research and innovation related to the discovery of *BRCA1* & *BRCA2*, and look forward to continued progress in understanding hereditary cancers.
