## Mitacs Practicum Funding

We are happy to continue our collaboration with **Mitacs!** Preceptors may be able to apply for matched funding for Jan- April 2025 MPH practicum opportunities. If you're eligible, you can now start this process with Mitacs and submit a practicum opportunity at the same time. Note that you do not need to have secured a student before applying for the Mitacs funding and there is no commitment to hire a student even after you have applied for the Mitacs funding. You can start this process now at the time of recruiting. The earlier the better.

Please see the [Eligibility and Overall process](#). Mitacs also provided their [updated Proposal Template](#) for transparency.
