

The Jewish Affinity Group and ARESA are pleased to host:

# Countering Antisemitism in Medicine: A Framework for a Way Forward

Join us to explore the pressing issue of antisemitism in medicine with Hedy S. Wald, PhD. Learn about the historical and current impacts of antisemitism in healthcare while discovering the 4 E's framework – Education, Engagement, Empathy, and Enforcement – an innovative approach for countering antisemitism and all forms of discrimination in medicine and helping to foster moral resilience in health professionals.

---

## Guest Speaker

---
